9 10	concerning those issues to the appropriate officers or decision-making bodies of the University;"

14	XA7
15 16 17	Whereas, the War Memorial flood light gives great visibility to most of the slope, but unfortunately does not reach the northwestern side of the slope, which is left dark;
18	Whereas, the main walkway on the northwestern path has potholes, which combined with
19 20	low visibility could lead to physical harm to students;
21	Whereas, there have been improvements to the lighting and walkways on the northeastern
22 23	side of the slope due to the construction of the Sesquicentennial Grove;
24	Be it therefore resolved , the Student Assembly recommends that additional lighting is
25 26	provided to illuminate the northwestern Libe Slope;
27 28	Be it further resolved , that the northwestern walkway be repaved in areas which have developed potholes.
