S.A. Resolution #43 Addressing Cissexism

Sponsored by: Philip Titcomb '17, Shivang Tayal '16

Whereas, Cornell University only recognizes the genders “male” and “female” university-wide,

Whereas, Cornell University is required to report annually to the United States Government’s Department of Education its demographics of each student’s sex assigned at birth,

Whereas, many Cornell students do not identify with their sex assigned at birth, are intersex, transgender, queer, or otherwise do not identify within the gender binary,

Whereas, certain departments at Cornell, such as Gannett Health Services, recognize non-binary gender identities,

Whereas, Cornell University’s commitment to diversity and inclusiveness prohibits discrimination based on an individual’s or group’s actual or perceived gender identity or expression,

Be it therefore resolved, that the Student Assembly recommends that the administration collect information regarding student’s gender identity in addition to data about their sex assigned at birth as required by the United States government,

Be it further resolved, that all intra-university forms and documents allow students to choose what their preferred gender is,

Be it finally resolved, that Cornell helps eradicate all forms of cissexism (making people identify with the sex they were assigned at birth) on campus

Respectfully Submitted,

Philip Titcomb '17
LGBTQ+ Representative at Large, Student Assembly

Shivang Tayal '16
VP of Diversity & Inclusion, Student Assembly
