Re: Revised University Assembly Resolution #6

Dear Rodney:

Thank you for reconsidering paragraph 2 of University Assembly Resolution #6, which I am now able to accept in its revised form.

We shall, of course, continue to work with the Assembly and its committees on policies that guide the activities of Transportation Services in the manner provided in Article 1.3 of the University Assembly charter that is referenced in revised paragraph (2).

I can assure you that as final university decisions are made regarding the Transportation Impact Mitigation Strategies, the views of the University Assembly will be considered.

Best regards,

A handwritten signature in cursive script that reads "David".

David J. Skorton
